The demand for increased motive power in the stonemason's belt has been stiffening steadily since the manufacturers began to install their own blowers systems, pursuant to the dust-removing clause in the last agreement with the cutters. Just now electrical concerns in Barre are over-busy supplying the needs of manufacturers, although not all of the motors installed are connected with dust-removing devices. Among the sheds where motors have been installed recently are the following: Presbrey-Coykendall Co., Hoyt & Milne, E. C. Glysson, Venetti Granite Co., and Hebert & Ladrie.

One hundred Masons of Granite lodge, with a sprinkling of guests from neighboring lodges, motored to East Montpelier last evening for their annual corn roast. The fraternity members left Barre at 8:30 o'clock and were warmly received when they arrived at the farm of James Rae, which had been selected as the stampering grounds for the corn roast. Boundless hospitality was the portion of the visitors. There was a surfeit of corn and most of the delicacies that figure in a regular corn roast. After the feast there was an impromptu program of singing and story telling, with some of the best of the yarn-spinners doing duty. The party returned to Barre around 11 o'clock. The committee in charge of the affair consisted of E. M. White, Alexander Rae and E. M. Tobin.

To a half-dozen thespians attached to the company playing "Everywoman" in the opera house last night, the narrow quarters of the assessors' office at city hall took on the appearance of a noisome keep when they found the door locked from the outside with no visible means of locating the janitor before the curtain went up on the first scene. The show folks had the first floor corridor, the city court room and the assessors' office pretty much to themselves before the janitor arrived from supper. The evening hours were on and it was not until the missing half-dozen started to emerge from their improvised dressing room that their playmates outside were aware of their predicament. Chairman Healy of the property committee, who was in the council chamber, was appealed to for his assistance and his master key finally released the players in time for the first act, which had been delayed until 8:45 o'clock.

More ambitious plans for the Howland block extension are indicated in a permit granted Howland Bros. & Co. to add a second story to the sizeable annex that is being erected on the Keith avenue side of the business building.

Originally it was planned to build the annex to a single story, but the demands of the community for more space has prompted the owners of the structure to increase the addition. It is thought that the first floor, to be occupied in part by the Mrs. Shepard Co. and the F. W. Woolworth Co., will be ready for use around Oct. 15. More time will be taken to complete the second story.

Expenses incurred by the city in the recent primary election have been computed by the city treasurer and found to amount to \$178.20, which represents a considerable increase over the cost of the first primary May 16, when the election officers registered its preference for the city.

On that occasion election officers received \$138.15. As the various ward officers are paid by the hour and their day at the primaries is not as long as in the March election, the expenses for staging a primary are smaller.

Three weeks from to-morrow Vermont has another legal holiday but thus far there are no indications that Barre will attempt to repeat the signally successful observance that was carried out when first legal Columbus day had its inception in 1910.

In Montpelier plans are being made for the usual work house parade and there may be other features in the observance. Customarily, banks, business offices, the postoffice and stores observe the holiday here by closing, but not since 1910 has there been a complete suspension of business.

The 1916 theatrical season for the Barre opera house was opened last evening, when the rare performance, "Everywoman," was presented to a large and appreciative audience. So well pleased was the audience that the appreciation was frequent throughout the presentation. Special mention should be made of Miss Paula Shay, who acted the part of "Everywoman." Miss Jane Buchanan, as "Conscience," the handmaiden of "Everywoman," Miss Dorothy Wilburn as "Youth," Miss Evelyn Dorn as "Modesty," and Harry Hamilton as "King Lear," but the whole cast was exceptionally good.

W. C. T. Halvosa of Church street is in Hartford, Conn., where he was called by the death of his sister-in-law, Mrs. Charles Halvosa, a former resident of Barre, who passed away Monday and whose funeral was held this afternoon.

The deceased is survived by her son, Hugh Halvosa. William R. Halvosa of South Main street is a brother-in-law of Mrs. Halvosa and was the late Philip Halvosa of Boston. A year ago her son, Charles, was drowned. Mr. Halvosa, who was for several years a well known Barre granite worker and who was secretary of the local branch for some time, passed away eight years ago. The family left Barre in 1903.

Mrs. Halvosa's maiden name was Hannah White and here in Barre she retained a wide circle of acquaintances. Following the funeral to-day, interment is to be made in Hartford.

A big real estate deal has just been made through the D. A. Perry Real Estate agency, in which the farms in Brookfield, one owned by George Wood and located in what is known as the West street section of Brookfield, and the other owned by Arthur Peasley and situated near Twin ponds in the Keyes neighborhood, together with the stock and tools of both places, were exchanged for a steam laundry in Hardwick owned and operated by Fred Eldridge for several years. Mr. Eldridge will occupy the Wood farm on West street and has not as yet decided whether he will keep the Peasley place as a property or hold for investment. Messrs. MONTPELIER

Slight Changes in New State Building Have Been Ordered.

A slight mistake in the molding around the door of the new state building has caused the architects to order the contractor to remove several of the granite blocks in the front of the structure and the work is being done to-day.

The work will take several days but will not cause much of a delay inasmuch as the granite is not being supplied very fast now. It is understood that Marr & Gordon, the firm cutting the stone, has enough finished stock in their yard and at the local railroad station, but it is not available at present.

Orrin W. Hills left this morning on his motorcycle for Osterville, Mass., where he will have charge for several weeks of a photograph studio.

Charles P. Silloway of Minneapolis, Minn., who is making his second visit to Montpelier after an absence of 50 years, went this morning with Lucius Goodwin to White River Junction to attend a reunion of the 4th Vermont regiment which served in the Civil war. They were both members of Co. G, enlisting from Montpelier. Mr. Silloway's great-grandfather, Ezekiah Silloway, settled and cleared up the present Lombard farm at Montpelier Junction and was one of the first settlers of Montpelier, residing on Town hill for 20 years. He was a Revolutionary soldier with an exceptional record, serving in Vermont and New Hampshire regiments.

Milton Tobias of Concord, N. H., is spending two weeks in the city, having been called here by the illness of his mother, Mrs. Katherine Tobias, who was operated upon several days ago at Heatons hospital.

back on the Montpelier high school football team for two years, was yesterday elected captain of the team for this year. Stacy Clark was chosen as captain for the basketball team. The first football practice of the season was held yesterday afternoon on the school campus under the direction of S. A. Dole, who is to have charge of the team this year. Enough candidates reported to allow two teams to be formed and prospects are bright for a successful season with almost all of last year's eleven back in school.

Charles Newton of North Dakota, who is visiting relatives in Berlin, went to-day to White River Junction to attend the reunion of the 4th Vermont regiment, in which he served during the Civil war.

George Carpenter, commissioner of weights and measures, arrived at the State House to-day to resume his duties, having been mustered out of the government service after acting as captain of the machine gun company which has been at Fort Ethan Allen for the past two months.
